Star Blue Quartz - Alabama State Gemstone

Official State Gemstone of Alabama

Alabama has a rich variety of minerals gemstones, many of them beautiful as well as useful. Alabama designated star blue quartz as the state gemstone in 1990. [All State Gems and Gemstones](#)

Star Blue Quartz is considered one of the most beautiful of the common gemstones. It is also so abundant that it is among the least expensive. Alabama also designates a state mineral, [Hematite](#), and [marble](#) as the official state rock.
